Safe Movement Shoes for Physical Education

What is a SAFE MOVEMENT SHOE?
 It is a shoe that fits snug and covers the entire foot.

Please pack safe movement shoes in your backpack. Snow boots, flip flops, Crocs or any type of non-athletic shoe are not considered safe movement shoes. Student's can borrow shoes from our collection when they forget. However, the goal is for students to develop self responsibility by having the proper shoes each day. Borrowing shoes can take away from important instruction and movement time. Students who repeatedly come without proper shoes will have an alternate activity, such as walking.

Shoe Donations

We are in need of loaner shoes (especially larger sizes). If your child has out grown their athletic shoes and you would like to donate them, please direct them to Mr. Sagel.

100 Mile Club

Once again we will have the 100 Mile Club available this school year. The club meets from 8:20-8:50 Tuesday and Thursday mornings on the playground blacktop. The cost of the club is \$20.00. Registration information will be available soon.
