SUBJECT: Student Health Update

Dear Parents and Guardians,

To all of our Mead Elementary families, teachers and staff, I would like to express my sincere appreciation for your partnership and support over the past few days while we address Norovirus in our community.

School staff and administrators are working hard to prevent the further spread of Norovirus. We are deep cleaning the school each night, wiping down surfaces during the day, washing hands regularly, using disposable trays in the lunchroom, cleaning electronic devices, working with transportation to sanitize buses each trip and keeping in contact with the Health Department and district officials.

If your student is still experiencing symptoms, we ask that they refrain from returning to school until all symptoms have been resolved for 48 hours, per Weld County recommendations.

It is an honor to serve such an outstanding community and I truly appreciate your continued support as we work with our students, teachers, staff and families to ensure the well-being of the Mead Elementary community. If you have any questions, please do not hesitate to contact me at 970-535-4488.

Thank you,

Betsy Ball, Principal
