Parents Guide to SVVSD's Nutrition Services

St. Vrain Valley School's Nutrition Service staff believes that nutritious school meals are a main ingredient in students' ability to learn in the classroom. It is hard for students to focus when they are hungry. Our staff takes pride in providing meals that meet the USDA nutrition requirements, and include as many local ingredients as possible, but taste great too!

Approximately 22,000 student meals are produced in our kitchens each day. In the 2015-2016 school year the Nutrition Services team produced over 3 million meals and snacks for students using over 900,000 pounds of local fresh produce.

SVVSD schools will offer a fresh salad bar everyday at lunch in most district schools - and as always, all cafeterias offer a daily vegetarian option!

Menus

Monthly menus for both breakfast and lunch can be found on:

- The Nutrition Services website at: svvdsd.org,
- Your students school website, or
- You can go green and sign up for electronic menus by going to the Nutrition Services website and clicking on the green recycle logo. 

As an added bonus, if you sign up for electronic menus, you will also receive the Wellness Alive Newsletter and other Nutrition Service announcements.

Meal Payment Options

There are two ways to put money into your students meal account:

- Send check or cash to the school with your student.
If you choose this option, please put the money in an envelope clearly marked with the student's first and last name, their ID #, their teacher's name, and the amount enclosed. Turn the envelope into the cafeteria cashier or school office.
- Pre-pay online by going to myschoolbucks.com

Elementary students will only be allowed to charge two meals, middle and high students are not allowed to charge but one meal. Please be sure there is money in your students account to pay for meals. All money owed from the previous year, will roll over to the next current school year.

Free or Reduced Meal Applications

The federal guidelines require **a new application each year** and parents must meet income requirements for their children to be eligible for free or reduced meals. Last years status will not carry over to this school year. You can pick up a new meal application at:

- Your students school office,
- Nutrition Service Office at 2929 Clover Basin Drive - Longmont, CO 80503 or,
- You can apply online at: myschoolapps.com.

Until your application is approved, parents should send lunch money or a sack lunch with their child each day.

"Providing Fuel For Student Achievement"
