Student Passwords Changed June 5th 2013

Please be advised student login password changed for computer logins Infinite Campus Portal and Google Mail/Google Apps. This change is necessary to conform to varying software requirements. The change increases the length of student passwords from six characters to eight characters by appending sv to the beginning of the student password. Students who have changed their password from their student number will have those passwords reset.

For example

- Student Wilson, John with student ID 123456 will have a new password of sv123456
- Student Alexander, Sara with a student ID 234567 and a password that she set will have the password reset to sv234567

Thank You
