Hi Mead Families,

Teachers and students are working hard each day in the classroom. We have a building wide focus this year on high expectations and excellence. You can help us at home by making sure that the work your child does is excellent and complete. We are looking ahead to the new online assessments and know that we need to raise the bar in order for our students to preform well.

Building news:

We were able to increase our Kindergarten Para time from 3 hours to 5 hours. This means more support for our kindergarten classes.

We welcome MaryAnn Spence as our new Counselor. She is currently the Counselor at Longmont Estates Elementary and will be half time at each school. We wish Laura Anna the best in her new role as Dean of Students at PRES and CES.
